

# The VetRepos project

Now and in nearby Future

Presented on behalf of the VetRepos partners by:  
Peter Holm, School of Veterinary Medicine, Faculty of Health and Medical Sciences, UCPH

Utrecht University

UNIVERSITY OF HELSINKI

KØBENHAVNS  
UNIVERSITET

Norges miljø- og  
biovitenskapelige  
universitet

## Aims and Visions

### Aims:

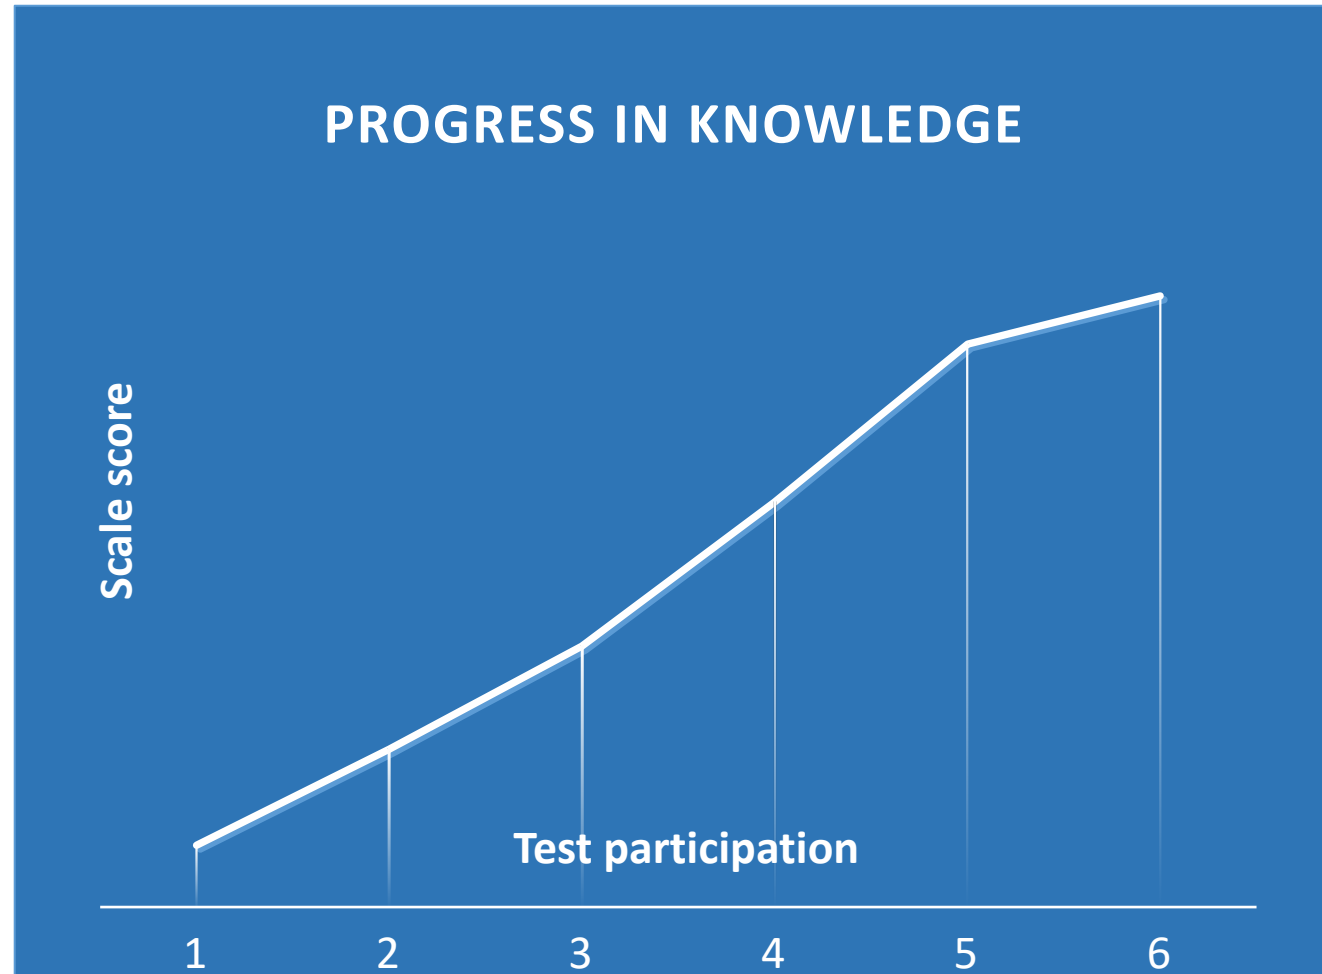

- **An item bank for progress testing**
  - EU / EAEVE veterinary subject areas
  - Day 1 competence level of European vet-students at graduation.
- **A Quality Assurance system for assessment and approval of test items**
- Educational videos and scientific papers on progress testing
- **Introduction of collaborative progress testing across VEEs in Europe**

### Vision:

- **A common progress test system used all European VetSchools**

## What is Progress testing?

## Why Progress testing?

Student motivation

Educational tool

## Testing veterinary competences

Test subscales	EAEVE Subject areas	Competence level	Items
Basic Sciences	<b>17 subject areas:</b> Anatomy... ..... Animal Nutrition	Day 1 graduation level	50 %
			Companion Animal & Equine Clinical Sciences
Production Animal Clinical Sciences	<b>12 subject areas:</b> Medicine .. Propaedeutics Herd health ...	Day 1 graduation level	20 %
Food Safety & Quality, Public Health and One Health Concepts	<b>5 subject areas:</b> Veterinary legislation ... .... Food technology	Day 1 graduation level	10 %

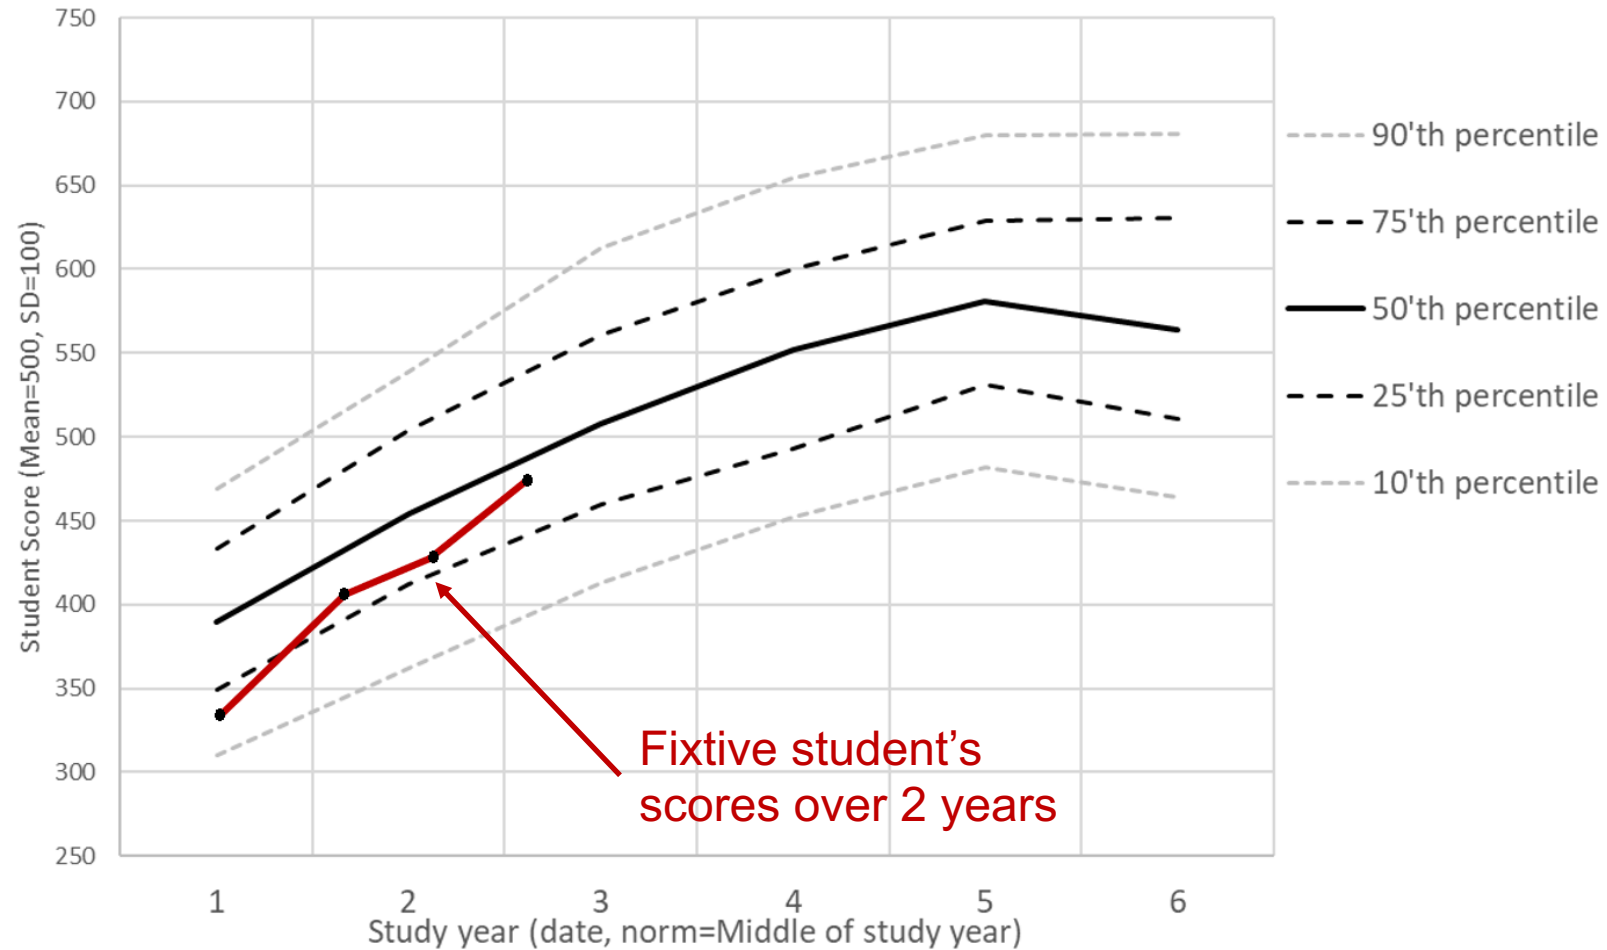

## Items in the bank *(pr. May 1st, 2023)*

<b>Submitted items (questions)</b>	1809
<b>Accepted for trialing (Trials 1-6)</b>	1136
<b>Banked (Trials 1-4)</b>	<b>610</b>
<b>Items in pipeline (Trial 5-6)</b>	<b>280</b>
<b>Estimated size of item bank</b>	<b>850</b>

## Test and students performance

*Distribution of scores,  
VetRepos, trials 1-4*

## Next steps

- More VEEs joining the VetRepos collaboration:
  - Initiate progress testing drawing on the VetRepos item repository using the QuizOne software
  - Further develop and validate of new items
  - Participate in the Quality Control of new item.

*On behalf of the present VetRepos partnership:*

**Your VEE is hereby invited to join VetRepos collaboration!**

# VetRepos Satellite Meeting

Collaborative Progress Testing in European VetSchools  
- results and future perspectives of the VetRepos Project

**15:30 – 15:55:** Progress testing in veterinary education

*by Antti Iivanainen, UH and Elisabeth Schaper, TiHo*

**15:55 - 16:20:** Requirements for progress testing in the VetRepos project

*by Peter Holm, UCPH*

**16:20 – 16:45:** Students' test results and measurement of progress

*by Jakob Wandall, UCPH*

**16:45 – 17:00:** Future perspectives of progress testing in veterinary education

*by Theo van Haeften, UU*

# 3 student testimonials from Røsle, Lisa and Sidsel, UCPH
